MEMORANDUM FOR: Major General Robert A. Breitweiser
Assistant Chief of Staff for Intelligence
United States Air Force

SUBJECT: Advanced Photographic [redacted] 50X1
Interpretation Training

1. Your office has forwarded the USAF Plan For DOD-wide Advanced Training In Photographic [redacted] 50X1
[redacted] Interpretation to the National Photographic Interpretation Center for comment. NPIC appreciates the opportunity to participate in the formulation of the training program and will submit comments and recommendations concerning the course content and other aspects of the program in the near future. 50X1

2. There is one aspect of the over-all plan which warrants consideration at this time, however, and that is the matter of finding a suitable location and space for the training activity within the Washington area. As you are aware, NPIC will move into its new specially designed and equipped facilities at the end of this calendar year, and the Director, NPIC, has suggested the possibility of making space available within these new quarters for the proposed training course.

3. I believe this proposal deserves your consideration and, rather than go into the details in this paper of the facilities which can be made available, I suggest that members of your staff meet with representatives of the Center to discuss this matter and conduct an on-site inspection of the facilities. Arrangements for such a meeting can be made directly through Mr. Landahl's office.

[redacted] 50X1

MARSHALL S. CARTER
Lieutenant General, USA
Deputy Director
